SUMMARY

Innovative Front-End Developer with over one year of experience crafting dynamic, responsive web applications using React.js, Redux, and modern JavaScript. Skilled in designing sleek, user-centric interfaces with Tailwind CSS and Bootstrap, and proficient in API integration and testing with Postman. Adept at optimizing performance and scalability, with hands-on expertise in Firebase and JSON Server for seamless data handling.

TECH STACK & SKILLS

- **Core Development:** JavaScript (ES6+), React.js, Redux Toolkit, HTML5, CSS3
- **Styling & Frameworks:** Tailwind CSS, Bootstrap, CSS Animations
- **API & Data:** Postman, REST APIs, Firebase, JSON Server
- **Frontend Expertise:** Component-based UI, State Management, Responsive Design
- **Performance & Tools:** Web Optimization, Git, Cross-Browser Compatibility
- **Creative Edge:** Dynamic Animations, Scalable Front-End Architecture

PROFESSIONAL EXPERIENCE

Frontend Developer Intern

Alphawizz Technology Private Limited   **Jan 2025 - Present**

Assisted in developing user interfaces using React and JavaScript. Collaborated with senior developers to improve UI/UX across web applications. Gained experience in responsive design and component-based development.

PROJECTS

Netflix-GPT Web App

Developed a full-stack movie streaming web application that integrates OpenAI's ChatGPT for intelligent recommendations. Implemented Firebase authentication, Firestore-based admin roles, and managed movie data with JSON Server. Built with React to deliver a modern, responsive UI.

E-commerce Landing Page

Created a mobile-responsive landing page for an e-commerce site using HTML, CSS, and JavaScript. Features include modern layout, animations, and interactive elements for enhanced user engagement.

SOFT SKILLS

- Problem-Solving.
- Communication Skills.
- Attention to Detail.
- Adaptability.
